

## Revised Guidelines for Transfer of Credits from other Colleges and Universities outside SQU to College of Engineering

The following are the revised guidelines required for the **Transfer of Credits** from other Universities or Colleges:

1. The applicant should come from a recognized University or College.
2. The applicant should submit official transcript in English.
3. Work covered should be equivalent in length/credits, content and quality to the corresponding course(s) of study at Sultan Qaboos University for which transfer of credits is sought.
4. The minimum grade in a course should be C.
5. The total number of credits exempted shall not exceed 50% of the total number of the degree plan that the applicant shall follow.
6. Any other requirements set by SQU.
7. Applicant from institutions such as Oman Technical Institutes or Royal Guards of Oman Technical College may be exempted from the following:

| # | Course Code | Course Title                               | Credits           | Category |
|---|-------------|--|-------------------|----------|
| 1 | MATH1106    | Pre-calculus                               | 4                 | CR       |
| 1 | ENGR1500    | Introduction to Engineering                | 2                 | CR       |
| 2 | ENGR1600    | Workshop I                                 | 1                 | CR       |
| 3 | ENGR1601    | Workshop II                                | 1                 | CR       |
| 4 | ENGR3006    | Industrial Training I                      | 0                 | CR       |
| 5 |             | University Electives                       | 6 credits maximum | UR       |
| 6 |             | Other courses specified by the Department* |                   |          |
