

## ACCOMMODATION and TRANSPORT

A few rooms will be available at the Faculty Club on the campus. These will be assigned on a first-come first-serve basis. The price per room (double; en-suite) is about 50 US \$ per day. There is a restaurant in the Faculty Club where meals can be bought. Lunch during conference days will be provided at the Faculty Club and is included in the registration fee.

Please confirm with the organizers if a room in the Faculty Club is available. If not, participants will have to make a booking for accommodation at one of the local hotels. There are no hotels within walking distance to the university and participants are advised to use the recommended hotels indicated below. University transport for participants will be arranged between these hotels and the university. You should inform us before the conference in which hotel you will be staying so that this can be arranged. If you provide us with your flight details (flight number, departure airport, date and time of arrival) at least three days before your arrival, we will try to meet you at the airport.

If you prefer to stay in a different hotel, then you will have to take a taxi to the hotel and the university as this is the only public transport system available. This may cost up to 20 US \$ per trip depending on the location and your negotiation skills in a combination of broken Arabic and English (no metered taxis).

The recommended hotels, from where transport to and from the university on conference days will be provided, are both in the Al Khuwair area:

- (1) **Hotel Muscat Holiday.** Room rates start at 53 OMR for a single room per night and 67 OMR for a double (including breakfast, internet access, service charges, etc).
