3. Education

Degree	Field of Study	Year	Title of Thesis	Institution
BSc*	Fisheries Technology	1997	-	Sultan Qaboos University
MSc	Marine Science & Fisheries	2002	Trap ghost-fishing problem in the area between Muscat and Barka (Sultanate of Oman): an evaluation study.	Sultanate of Oman www.squ.edu.om
PhD	Fisheries Development & Management	2008	An assessment of the commercial trawl fishery of the Sultanate of Oman using the ecologically sustainable development framework.	Australian Maritime College, University of Tasmania, Australia www.utas.edu.au www.amc.edu.au

* Certification of Honor: Placed on the Dean's Honor List for the 1997 Spring Semester.

4. Employment

Position	Year	Institution
Demonstrator	2 nd September 1997 - 2002	Department of Marine Science & Fisheries, College of Agricultural & Marine Sciences, Sultan Qaboos University
Lecturer	2002 - 2004	
PhD Student	2004-2008	University of Tasmania, Australia
Assistant Professor	September 2008 - 2019	Department of Marine Science & Fisheries, College of Agricultural & Marine Sciences, Sultan Qaboos University
Head of Department	September 2011- August 2014	
Faculty Fellow	2015 – 2017	Center of Excellence on Teaching and Learning, Sultan Qaboos University
Associate Professor	May 2019 - Present	Department of Marine Science & Fisheries, College of Agricultural & Marine Sciences, Sultan Qaboos University

5. Teaching and Learning

Teaching philosophy: To make the learning rewarding by creating a classroom environment that provides the opportunity for the students to participate in interactive learning, to strengthen students' critical thinking and to develop their learning capacity.

5.1 Teaching experience		
No.	Course Code	Course Title
1	COMP2001	Microcomputers in Agriculture
2	CAMS2001	Computer Application I (served also as course coordinator 2009-2011)
3	CAMS3002	Computer Application II
4	FISH2001	Introduction to Marine Science & Fisheries
5	FISH2010	Introduction to Fisheries Technology

6	MASF2001	Introduction to Fisheries Science
7	MASF2003	Introduction to Marine Science & Fisheries
8	MASF3021	Marine Science Practicum
9	MASF3033	Coastal Navigation
10	MASF3090	Fishing Gear and Vessel Technology
11	MASF4050	Critical Reading & Evaluation
12	MASF6004	Marine Fisheries Resources
13	MASF6010	Contemporary Issues in Marine Sciences
14	MASF4800	Internship in Marine Science and Fisheries
15	MASF4902	Research Project in Marine Science and Fisheries

5.2 Undergraduate advising and supervision:**Research Project in Marine Science and Fisheries (MASF4902)**

No.	Student name	Topic title	Year
1	Issa Al-Ouisi	Fishers' views about Senat Al-Bahar in limiting the prohibited activities stated in the fisheries law: A case study in the wilayat of Ja'lan Bani Bu Ali	2020
2	Ahmed Al-Maamari	Using Technology to Reduce Trap Ghost Fishing	2019
3	Jasim Jamil Al-Jahmani	Biological Deterioration as an Approach to Terminate the Effective Fishing Life Span of Lost Traps	2019
4	Said AL-Saadi	Using natural fibers with weights as an Approach to Terminate the Effective Fishing Life Span of Lost Traps	2018
5	Mohammed AL-Dhamri	Using natural fibers as an Approach to Terminate the Effective Fishing Life Span of Lost Traps	2018
6	Abdulrahman Khalid	Fisheries Non-compliance Factors in Kuwait Fin-Fish Fishery	2012
7	Said Rajheet	Human Impacts on Mangroves Area	2011
8	Miaad Rashid Al-Maamari	The Effects of Biofouling Organisms on Mechanical Properties of the Natural Fibers	2010
9	Ahmed Al-Alawi	The Effects Of seawater Upon Breaking Strength and Elongation of Vegetable Natural Fibres	2010

5.3 Professional Trainings on Teaching and Learning

1	Creating Significant Learning Experiences and Designing College Courses, Center of Excellence in Teaching and Learning, SQU, February 15, 2017.
2	CAMS Outcome-Based Learning Objectives, Center of Excellence in Teaching and Learning, SQU, April 5, 2016.
3	Using Cognitive Psychology to Make your Teaching more Effective, Center of Excellence in Teaching and Learning, SQU, March 3, 2016.
4	Outcome-Based Course Design and Development, Center of Excellence in Teaching and Learning, SQU, March 2, 2016.
5	CAMS Assessment Alignment with Outcome-Based Learning Objectives, Center of Excellence in Teaching and Learning, SQU April 12, 2016.
6	Formulating Assessable Students Learning Outcomes, Center of Excellence in Teaching and Learning, SQU, March 1 2016.
7	Workshop on E-Learning (Moodle Workshop II), Center of Excellence in Educational Technology, SQU, Oman, January 11, 2016.
8	Workshop on E-Learning (Moodle Workshop I), Center of Excellence in Educational Technology, SQU, Oman, January 4, 2016.

9	Developing Inquiry into Teaching and Learning through Peer Collaboration, Center of Excellence in Teaching and Learning, SQU, November 17-19, 2015.
10	Developing Assessment Tools & Rubrics Workshop, Center of Excellence in Teaching and Learning, SQU, Oman, November 12, 2015.
11	Professional Development Workshop I, CAMS, SQU, 11 May, 2013.
12	Professional Development Workshop II, CAMS, SQU, 28 May, 2013.
13	Instructional skills development program, Instructional Development Unit of the Center for Educational Technology (CET), Sultan Qaboos University, 5 th February – 16 th April 2002.
14	Educational Multi-Media Workshop, SQU, October 27 1997.

5.4 Other Competencies/Achievements

1	SQU Best Academic Advisor for the academic year 2018/2019.
2	SQU Best teacher award for the academic year 2017/2018.
3	Faculty Fellow (2015 to 2017) at Center of Excellence in Teaching and Learning.
4	Completed a program of study in higher education teaching that includes theory and practice in educational philosophy, learning theory, curriculum design, motivation and student engagement, assessment of student learning and collegial consultation techniques.
5	Timetabling officer of the department in the periods 2009-2011 and 2015-2018.
6	Developed new postgraduate course titled "Sustainable Fishery Resources", MASF6011 to be offered in the coming semester as part of the new proposed postgraduate diploma and master by thesis.
7	Developed new course contents for MASF6004, Marine Fisheries Resources.
8	Developed new course contents and new assessment tool (self-selected topic) for MASF3090, Fishing Gear and Vessel Technology.
9	Updated the practical exercises for MASF3021, Marine Science Practicum.
10	Developed 3-dimensional learning resources for MASF3033, Coastal Navigation.
11	Coordinated the Internship in Marine Science and Fisheries course (MASF4800), 2009-2011.

6. Scholarship

Research philosophy: To make use of the accumulated knowledge, skills and networks in solving local problems and building human capacity to produce operational benefits to the country and to the national and international communities.
