#### **PROFILE**

Dr. Olabisi Fatimo Ibitoye is an accomplished Assistant Professor of Maternal and Child Health Nursing with over 25 years of academic, clinical, and leadership experience across Nigeria, the UAE, and Oman. Passionate about women's health, labor support, and reproductive care, she is widely recognized for her culturally relevant research and contributions to evidence-based maternal health practices. With a PhD in Nursing and a robust publication record, Dr. Ibitoye has held key academic positions, mentored future nurse leaders, and actively contributed to global health initiatives. Her work bridges education, research, and advocacy to advance maternal and newborn outcomes worldwide.
