Mohammed Sajeed
Lecturer

CONTACT:

Phone: 24142223

Email: sajeed@squ.edu.om

QUALIFICATION SPECIALIZATION:

- **Master's in Computer Science**
  University of Bharathidasan, Trichy, India.

PROFILE (Short-Bio: Max-100 words)

Mohammed Sajeed is a lecturer currently teaching programming courses while actively pursuing research in the fields of Artificial Intelligence (AI) and Machine Learning (ML). With a strong foundation in programming education, he aims to equip students with the critical skills needed for modern software development, while also encouraging innovation and exploration in AI and ML technologies. His research interests focus on developing intelligent systems and exploring real-world applications of machine learning. Mohammed is committed to bridging the gap between foundational programming knowledge and advanced AI research, fostering both technical proficiency and future-ready thinking in his students.

WORK EXPERIENCE

- **2001 - Present**
  Lecturer
  Department of Computer Science
  Sultan Qaboos university

- **Year** 1999 June – 2001 August
  Lecturer
  Department of Computer Science and Engineering
  Anwarul Uloom College, Osmania University
  Hyderabad

RESEARCH INTERESTS

- **Artificial Intelligence and Machine Learning**

- **Databases and Data Mining**
